## **Cook Children's Medical Center is currently searching for Volunteer Navigator positions.**

As a group or individually, We ask that 1-2 people come per a shift. (shifts are 8a – 12p and 12p – 4p) Monday – Friday.

The shift is once a week per a couple/individual, but you can take on more if you wish. You could have 2 people per shift and work together helping patients and families get the information they need within the hospital.

Christy Beck
